## ProCKSI - Bug #36

## Old PBS torque log files must be compressed or deleted

11/27/2007 09:41 AM - Anonymous

Status: Start date: New **Priority:** High Due date: Assignee: % Done: Anonymous 0% Category: **Estimated time:** 0.00 hour Target version: 9.0 **Resolution:** 

## Description

- **Problem**: PBS torque generates log files automatically, but does not delete nor compress them.
- Possible Solution: Compress or delete them automatically after a certain periode of time
