Description			
Several information pages are using 02/2007 instead of 8.5: http://procksi.cs.nott.ac.uk:8080/terms.html http://procksi.cs.nott.ac.uk:8080/about.html			
Also after the 8.5 is released the default version for new tickets should be changed to 8.5.

(In r508) b - closes #60, #58

#2 - 11/27/2007 12:29 PM - Paweł Widera

Changeset r508 only sets the version number on the news page. Terms and about pages are still showing date based version instead of 8.5.

Milestone 8.5 deleted

#5 - 12/07/2007 05:11 PM - Paweł Widera

Still remains inconsistent. [News page](#) is OK, but [about page](#) shows date and [T&C page](#) shows version with dashes and procksi keyword.

#6 - 04/08/2008 10:45 AM - Anonymous

- Change deploy script so that the tag from the repository is taken as the official [[ProCKSI]] version for all web pages. [[br]]
- Related problem: News page includes version numbers, too. But news page must be updated before tag is assigned.
