Category:	ProCKSI	Estimated time:	0.00 hour
Target version:	8.6		
Resolution:	fixed		
Description			
<p>I again get the error message</p> <p>Queueing task 'DaliLite' (158) in queueing systemsuccessfully: 628.master01.procksi.local</p> <p>The status of task 158 has been changed to 'queued' (Q). [2007-12-13 07:23:05]</p> <p>No log files from the queuing system could be found for task 158.</p> <p>The task has finished with errors [2007-12-13 07:41:02]</p> <p>I need to see the Dalilite results so for me the functionality is reduced.</p> <p>So I appeal to any body? looking after this potentially excellent system to please get it running correctly</p> <p>with thanks</p> <p>Simon</p>

Dear Simon

I was able to re-integrate your results for the DaliLite calculation, which can be accessed from the Task Manager.[]

I don't know yet why this problem occurred but will check it thoroughly in case it happens again.[]

Please do take my apologies for any inconvenience caused. All your feedback and comments on functionality, usability, etc. are most welcome.[]

Regards

Daneil
