<b>Description</b>			
<p>I again get the error message Queueing task 'DaliLite' (158) in queueing systemsuccessfully: 628.master01.procksi.local The status of task 158 has been changed to 'queued' (Q). [2007-12-13 07:23:05] No log files from the queuing system could be found for task 158. The task has finished with errors [2007-12-13 07:41:02]</p> <p>I need to see the Dalilite results so for me the functionality is reduced. So I appeal to any body? looking after this potentially excellent system to please get it running correctly with thanks Simon</p>

Dear Simon

I was able to re-integrate your results for the DaliLite calculation, which can be accessed from the Task Manager. [[br]]

I don't know yet why this problem occurred but will check it thoroughly in case it happens again. [[br]]

Please do take my apologies for any inconvenience caused. All your feedback and comments on functionality, usability, etc. are most welcome. [[br]]

Regards

Daneil
