

## ProCKSI - Enhancement #8

### Automatically check jobs in PBS

08/06/2008 05:16 PM - Anonymous

<b>Status:</b>	In Progress	<b>Start date:</b>	
<b>Priority:</b>	High	<b>Due date:</b>	
<b>Assignee:</b>	Anonymous	<b>% Done:</b>	0%
<b>Category:</b>	ProCKSI	<b>Estimated time:</b>	0.00 hour
<b>Target version:</b>	9.0		
<b>Resolution:</b>			
<b>Description</b>			
Automatically check jobs in PBS using cron. Detect killed jobs and set status in database accordingly.			

#### History

#1 - 07/03/2007 06:11 PM - Anonymous

- Status changed from New to In Progress

Generalisation:

- do not rely on drivers to update their own status in the database
- check status of all jobs (currently requests and tasks) in PBS
- update database with status for "queued"/"started"/"completed"/"deleted" (?)
- should go into check\_requests.pl and check\_tasks.pl
- should be removed from driver\_XXX.pl
